

I am very happy about sitting down to dinner with my family in peace without being disturbed by telemarketing calls. Majority of the time, I don't get home until after 6PM but when I do, I like to spend that time with my family. Most of all, I never appreciated getting phone calls up until 9:30 PM asking me if I'd like to try a makeup, skin cream, sporting goods product etc. I think that the protection act should stand where it is and keep the peace - literally!!!
